School! 

Hello!

I hope everyone is excited to start another wonderful and eventful year at North East Prep School, home of the Huskies! I, Mrs. Wilson, will be your English/Language Arts and Social Studies Teacher. In ELA we will read and annotate novels, short stories and nonfiction articles. We learn different genres, use of informational text and so much more. In Social Studies, we will explore the world together. We will travel through ancient civilization, people of the past, and learn so much about how the world has changed. Our studies will have us traveling from Greece, Rome, China and more! Get ready to work and dig deep into learning together. Let's rock it, 6<sup>th</sup> graders!
